GUIDING PRINCIPLES

- Neighborhood Preservation
- Transportation and Safety
- Local Land Use Initiatives
- Beautification and Streetscape
- Modal Accommodations
- Economic Development

Neighborhood Preservation

Preserve the integrity of existing neighborhoods.

Local Land Use Initiatives

Promote implementation of adopted future land use initiatives and promote revitalization of existing commercial properties.

Beautification and Streetscape

Enhance visual appearance and promote a sense of place that is representative of the local Savannah character for to those entering the corridor.

Modal Accommodations

Improve the modal accommodations for alternate travel modes and travel demand management.

Transportation and Safety

Improve current and future transportation operations and travel safety.

Economic Development

Promote a healthy and sustainable business environment where revitalization of existing commercial properties, redevelopment of strategic locations, and continued reinvestment in healthy businesses is encouraged.

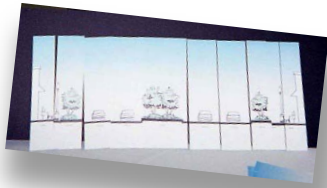

PROJECT DERENNE: PHASE II

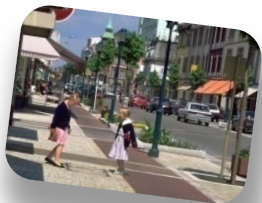

Phase II of Project DeRenne consist of two related efforts:

Concept Development for DeRenne Avenue

Includes development and refinement of a concept for improvements to DeRenne Avenue and corresponding evaluation criteria.

Land Use Planning

Intended to answer questions related to items occurring outside the right-of-way and should help define the local land use vision, context, and strategies.

CONTEXT ZONES
